report: ****CATERPILLAR INSPECTION REPORT****

Truck Serial Number: 7301234
Truck Model: 730
Inspection ID: 567488909
Inspector Name: Aakash Mittal
Inspector Employee ID: EMP001
Inspection Date and Time: 2024-08-11T12:13:23.940248
Inspection Location: Warehouse A
Geo Coordinates: 40.7128,-74.0060
Customer Name: Acme Corp
Customer ID: CUST12345

****Overall Summary:****

The inspection of truck serial number 7301234, model 730, conducted by Aakash Mittal on August 11,

****Detailed Inspection Findings:****

****1. Tires:****

- Tire Pressure:

- Left Front: 32 PSI
- Right Front: 30 PSI
- Left Rear: 32 PSI
- Right Rear: 30 PSI

- Tire Condition:

- Left Front: Good
- Right Front: Ok
- Left Rear: Needs Replacement
- Right Rear: Good

- Overall Tire Summary: All tires are in good condition except the left rear, which needs replacement.

- Actions: Replace the left rear tire immediately to ensure optimal performance and safety.

****2. Battery:****

- Battery Make: CAT
- Battery Replacement Date: December 1, 2023
- Battery Voltage: 12V
- Battery Water Level: Good
- Battery Condition: Good
- Battery Leak or Rust: None
- Battery Summary: The battery is in good condition with no leaks or rust.
- Actions: Continue regular maintenance checks on the battery to ensure its longevity and performance.

****3. Exterior:****

- Rust, Dent, or Damage: Yes (some minor rust and a small dent on the rear bumper)
- Oil Leak in Suspension: No
- Exterior Summary: Minor rust and dent found on the rear bumper.
